PROJECTS

Photographer Phinder - Deployed at: <https://bit.ly/3EysVTN> ||| GitHub: <https://bit.ly/3lGqLu3>

A commerce site to find a photographer near you.

- Work with other 3 programmers in an Agile workflow environment. Responsible for the front-end with React and using CommerJS for commercial sites. Delivered the site in one-week
- Using CommerJS helps the page work smoothly and the owner can control the product easily. It also improves the interaction between users and the page by 70%.
- Tools used: React, GraphQL, Apollo, Express, MongoDB

HomeSchool Hookup - Deployed at: <https://bit.ly/3EFZJKw> ||| GitHub: <https://bit.ly/3BDl5WY>

Blog for U.S families get connected.

- Developed in an Agile workflow environment with a team of four. Responsible for connection, controller for delete and update post, session and assisted other groupmate with their task.
- With more than 50 users of the blog, the controller helps increase interaction between user and the application. Delivered a working version in one week
- Tools used: Node.js, My SQL 2, Express.js, Sequelize, Handlebars

Musical Time Machine - Deployed at: <https://bit.ly/3DK4W3v> ||| GitHub: <https://bit.ly/3FO36Au>

Front-end Website

- Work in a group of four programmers. Responsible for API, comment box that uses LocalStorage, apply style for those parts and also collaboratively drive 24/7 action items.
- Increase users' experience and make the page more responsive to user requests by 70%.
- Tools used: HTML5, CSS, JQuery, JavaScript, Bootstrap, Moment.js and API.

Team Profile Generate- GitHub: <https://bit.ly/3vbEgFF>

Object Oriented Programming:

- Solo project that helps generate a team with one manager and multiple engineers and interns. This project maintains the back-end with Node.js, after users answer some questions about the team then all data will be generated and shown on the HTML file with styling.
- Tools used: JavaScript, Node.js, Bootstrap, testing by Jest and Inquirer.

EXPERIENCE

Ramada by Wyndham Birmingham Airport Hotel, Birmingham, AL

May 2020- January 2021

Front desk receptionist

- Investigated disturbances and used proportional and strategic responses to handle different types of issues. Successfully used data to shape a creative approach leading to more intuitive and informed campaigns.
- Recognized by the manager for commitment to customers and for communicating with 150 or more customers per week.
- Demonstrated self-reliance by meeting and exceeding workflow needs..

- Demonstrated leadership by making improvements to work processes, collaboratively incubating resource-maximizing scrums, and helping to train others.
